What a great start!

Our first month of the New Year has gone amazingly.

We have put in place new structures, new displays and eventually, new equipment. Our staff have been efficient, organised and very proactive, which has resulted in The Breakfast Club being full most mornings and the evening sessions doubling in size.

We also have a keyworker from Barnsley Authorities visiting us soon, in preparation for our OFSTED inspection at the end of the year. We are hoping for excellent feedback. We will keep you posted and inform you of any further structures that may need implementing within The Fun Box.
