Child Protection Policy November 2019
1. INTRODUCTION

Safeguarding is defined as protecting children from maltreatment, preventing impairment of health and/or development, ensuring that children grow up in the provision of safe and effective care and taking action to enable all children to have the best life chances.

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the school.

In particular this policy should be read in conjunction with the Safeguarding Policy (if your school/college chooses to adopt one), Safer Recruitment Policy, Behaviour Policy, Physical Intervention Policy, Anti-Bullying Policy, Code of Conduct/Staff Behaviour Policy, E-safety Policy and ICT Acceptable Usage Policy.

<table>
<thead>
<tr>
<th>Purpose of a Child Protection Policy</th>
<th>To inform staff, parents, volunteers and governors about the school's responsibilities for safeguarding children. To enable everyone to have a clear understanding of how these responsibilities should be carried out.</th>
</tr>
</thead>
<tbody>
<tr>
<td>BMBC Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures</td>
<td>The school follows the procedures established by the BMBC Safeguarding Children Board; a guide to procedure and practice for all agencies in Barnsley Metropolitan Borough working with children and their families can be found at <a href="https://www.safeguardingchildrenbarnsley.com/">https://www.safeguardingchildrenbarnsley.com/</a></td>
</tr>
<tr>
<td>School Staff &amp; Volunteers</td>
<td>All school and college staff have a responsibility to provide a safe environment in which children can learn. School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children. All school staff will receive appropriate safeguarding children training (which is updated regularly –Barnsley Safeguarding Children Board advises every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Temporary staff and volunteers will be made aware of the safeguarding policies and procedures by the Designated Senior Person-including Child Protection Policy and staff behaviour policy (code of conduct)</td>
</tr>
<tr>
<td>Mission Statement</td>
<td>Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to when they have a worry or concern.</td>
</tr>
</tbody>
</table>
Establish and maintain an environment where school staff and volunteers feel safe, are encouraged to talk and are listened to when they have concerns about the safety and well-being of a child.

Ensure children know that there are adults in the school whom they can approach if they are worried.

Ensure that children, who have additional/unmet needs are supported appropriately. This could include referral to early help services or specialist services if they are a child in need or have been / are at risk of being abused and neglected.

Consider how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.

Staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child.

**Implementation, Monitoring and Review of the Child Protection Policy**

The policy will be reviewed annually by the governing body. It will be implemented through the school’s induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the Designated Senior Person and through staff performance measures.

### 2. STATUTORY FRAMEWORK

This policy is based on the Department for Education’s statutory guidance *Keeping Children Safe in Education (2019)* and *Working Together to Safeguard Children (2018)*, and the *Governance Handbook*. We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

- The Children Act 1989
- The Children Act 2004
- Education Act 2002 (Section 175/157) *Outlines that Local Authorities and School Governing Bodies have a responsibility to "ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils".*
• Keeping Children Safe in Education (DfE, September 2019)
• Keeping Children Safe in Education: Part One - information for all school and college staff (DfE, September 2019) – APPENDIX 1
• Working Together to Safeguard Children (DfE 2018)
• The Education (Pupil Information) (England) Regulations 2005
• Sexual Offences Act (2003)
• Section 26, The Counter Terrorism and Security Act 2015 (PREVENT duty)
• Female Genital Mutilation Act 2003 (Section 74 ,Serious Crime Act 2015)
• The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018 (referred to in this policy as the “2018 Childcare Disqualification Regulations”) and Childcare Act 2006, which set out who is disqualified from working with children

Working Together to Safeguard Children (DfE 2018) requires each school to follow the procedures for protecting children from abuse which are established by the Barnsley Safeguarding Children Board.

Schools are also expected to ensure that they have appropriate procedures in place for responding to situations in which:

(a) a child may have been abused or neglected or is at risk of abuse or neglect
(b) a member of staff has behaved in a way that has, or may have harmed a child or that indicates they would pose a risk of harm.

3. THE DESIGNATED SENIOR PERSON

Governing bodies and proprietors should ensure that the school or college designates an appropriate senior member of staff to take lead responsibility for child protection. This person should have the status and authority within the school to carry out the duties of the post including committing resources and, where appropriate, supporting and directing other staff.

During term time the designated safeguarding lead and or a deputy will always be available (during school or college hours) for staff in the school or college to discuss any safeguarding concerns and individual arrangement for out of hours/out of term activities will be: (individual school needs to outline these below):

The Designated Senior Person for Child Protection in this school is: **Lissa Oldcorn**

The Deputy Designated Senior Person for Child Protection in this school is: **Michaela Woodcock, Janine Hewitt**

The broad areas of responsibility for the Designated Senior Person are:

Managing referrals and cases

• Refer all cases of suspected abuse or neglect to the Local Authority Children’s Services (Safeguarding and Specialist Services), Police (cases where a crime may have been committed) and to the Channel programme where there is a radicalisation concern
• Liaise with the Head Teacher or Principal to inform him/ her of issues- especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations
• Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies
• Support staff who make referrals
• Share information with appropriate staff in relation to a child’s looked after (CLA) legal status (whether they are looked after under voluntary arrangements with consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility.
• Ensure they have details of the CLA’s social worker and the name of the virtual school Head Teacher in the authority that looks after the child.

Training

The Designated Senior Person should undergo formal training every two years. The DSP should also undertake Prevent awareness training. In addition to this training, their knowledge and skills should be refreshed (for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments) at least annually to:

1. Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments
2. Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
3. Ensure each member of staff has access to and understands the school’s or college’s safeguarding and child protection policy and procedures, especially new and part time staff
4. Be alert to the specific needs of children in need, those with special educational needs and young carers
5. Understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation
6. Be able to keep detailed, accurate, secure written records of concerns and referrals
7. Obtain access to resources and attend any relevant or refresher training courses
8. Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them

Raising Awareness

• The designated safeguarding person should ensure the school policies are known, understood and used appropriately.
• Ensure the school’s safeguarding and child protection policy is reviewed annually and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this.
• Ensure the safeguarding and child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this.
• Link with the Local Safeguarding Children’s Board (LSCB) to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
• Where children leave the school or college, ensure the file for safeguarding and any child protection information is sent to any new school /college as soon as possible but transferred separately from the main pupil file.
• Schools should obtain proof that the new school/education setting has received the safeguarding file for any child transferring and then destroy any information held on the child in line with data protection guidelines.
4. THE GOVERNING BODY

Governing bodies and proprietors must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in their schools or colleges are effective and comply with the law at all times.

The nominated governor for child protection is: Debbie Cartwright

The responsibilities placed on governing bodies and proprietors include:

- their contribution to inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified
- ensuring that an effective child protection policy is in place, together with a staff behaviour policy
- ensuring staff are provided with Part One of Keeping Children Safe in Education (DfE 2019) – Appendix 1 and are aware of specific safeguarding issues
- ensuring that staff induction is in place with regards to child protection and safeguarding
- appointing an appropriate senior member of staff to act as the Lead Designated Senior Person. It is a matter for individual schools and colleges as to whether they choose to have one or more Deputy Designated Senior Person.
- ensuring that all of the Designated Senior Persons (including deputies) should undergo formal child protection training every two years (in line with LCSB guidance) and receive regular (annual) safeguarding refreshers (for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments)
- prioritising the welfare of children and young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns
- ensuring that children are taught about safeguarding in an age appropriate way
- ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material. Additional information to support governing bodies and proprietors is provided in Annex C of Keeping Children Safe in Education (DFE 2019) which can be found at http://www.holytrinitybarnsley.org/parents/safeguarding-info-for-parents/
- Having a senior board level lead to take leadership responsibility for the organisation’s safeguarding arrangements

5. WHEN TO BE CONCERNED

A child centred and coordinated approach to safeguarding:

Safeguarding and promoting the welfare of children is everyone’s responsibility. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child centred. This means that they should consider, at all times, what is in the best interests of the child.

Schools and colleges and their staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the best interests of the child at all times.

Children who may require early help

A directory of early help services is available at www.safeguardingchildrenbarnsley.com/children-and-young-people.aspx and will help practitioners and families find information and support to prevent escalation of needs and crisis.

Child Protection Policy November 2019
All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child’s needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the Designated Senior Person any ongoing/escalating concerns so that consideration can be given to a referral to Children’s Services (Safeguarding and Specialist Services) if the child’s situation doesn’t appear to be improving.

Staff and volunteers working within the School should be alert to the potential need for early help for children also who are more vulnerable. For example:

- **Children with a disability and/or specific additional needs.**
- **Children with special educational needs.**
- **Children who are acting as a young carer.**
- **Children who are showing signs of engaging in anti-social or criminal behaviour.**
- **Children whose family circumstances present challenges, such as substance abuse, adult mental health or learning disability, domestic violence**
- **Children who are showing early signs of abuse and/or neglect.**

School staff members should be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect**. They should also be aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

*See Appendix 4 for information on indicators of abuse and Appendix 1 for specific safeguarding issues.*

**Children with special educational needs and disabilities:**

Additional barriers can exist when recognising abuse and neglect in this group of children. This can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child’s impairment without further exploration;
- Assumptions that children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs;
- Communication barriers and difficulties
- Reluctance to challenge carers, (professionals may over empathise with carers because of the perceived stress of caring for a disabled child)
- Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased.
- A disabled child’s understanding of abuse.
- Lack of choice/participation
- Isolation

**Peer on peer abuse**

Education settings are an important part of the inter-agency framework not only in terms of evaluating and referring concerns to Children’s Services and the Police, but also in the assessment and management of risk that the child or young person may pose to themselves and others in the education setting.

If one child or young person causes harm to another, this should not necessarily be dealt with as abuse. When considering whether behaviour is abusive, it is important to consider:
• Whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or
• whether the perpetrator has repeatedly tried to harm one or more other children; or
• Whether there are concerns about the intention of the alleged perpetrator.

Peer on peer abuse can manifest itself in many ways and different gender issues can be prevalent. Severe harm may be caused to children by abusive and bullying behaviour of other children, which may be physical, sexual or emotional and can include gender based violence/ sexual assaults, sexting, teenage relationship abuse, peer-on-peer exploitation, serious youth violence, sexual bullying or harmful sexual behaviour.

Guidance on responding to and managing sexting incidents can be found at:

www.safeguardingchildrenbarnsley.com/parents-and-carers/staying-safe-online.aspx

Staff should recognise that children are capable of abusing their peers and should not be tolerated or passed off as “banter” or “part of growing up”.

In order to minimise the risk of peer on peer abuse the school:

• Provides a developmentally appropriate PSHE curriculum which develops students understanding of acceptable behaviour and keeping themselves safe.
• Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued.
• Develop robust risk assessments where appropriate (e.g. Using the Risk Assessment Management Plan and Safety and Support Plan tools).
• Have relevant policies in place (e.g. behaviour policy).

6. DEALING WITH A DISCLOSURE

If a child discloses that he or she has been abused in some way, the member of staff / volunteer should:

• Listen to what is being said without displaying shock or disbelief
• Accept what is being said
• Allow the child to talk freely
• Reassure the child, but not make promises which it might not be possible to keep
• Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
• Reassure him or her that what has happened is not his or her fault
• Stress that it was the right thing to tell
• Listen, only asking questions when necessary to clarify
• Not criticise the alleged perpetrator
• Explain what has to be done next and who has to be told
• Make a written record (see Record Keeping)
• Pass the information to the Designated Senior Person without delay

Support

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Senior Person.

If a school staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy— Allegations involving school staff/volunteers.

Child Protection Policy November 2019
7. RECORD KEEPING

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the designated safeguarding lead.

When a child has made a disclosure, the member of staff/volunteer should:

- Record as soon as possible after the conversation. Use the school record of concern sheet wherever possible.
- Do not destroy the original notes in case they are needed by a court.
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child.
- Draw a diagram to indicate the position of any injuries.
- Record statements and observations rather than interpretations or assumptions.

All records need to be given to the Designated Senior Person promptly. No copies should be retained by the member of staff or volunteer.

The Designated Senior Person will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child’s academic file.

8. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Children’s Services: Safeguarding and Specialist Services and the Police).
- If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child’s age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe. This may ultimately not be in the best interests of the child.
- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

9. SCHOOL PROCEDURES

Please see Appendix 3: What to do if you are worried a child is being abused: flowchart.

If any member of staff is concerned about a child he or she must inform the Designated Senior Person. The Designated Senior Person will decide whether the concerns should be referred to Children’s Services: Safeguarding and Specialist Services. If it is decided to make a referral to
Children’s Services: Safeguarding and Specialist Services this will be discussed with the parents, unless to do so would place the child at further risk of harm.

While it is the DSPs role to make referrals, any staff member can make a referral to Children’s Services. If a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM), a referral should be made to Children’s Services and/or the Police immediately. Where referrals are not made by the DSP, the DSP should be informed as soon as possible.

If a teacher (persons employed or engaged to carry out teaching work at schools and other institutions in England), in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the teacher must report this to the police. This is a mandatory reporting duty. See Appendix 1- Keeping Children Safe in Education (DfE 2016): Annex A for further details.

**Is the child at risk from immediate harm?**

Call the police on 999 or (01142) 202020.

**If the child is not at risk from immediate harm**

If you’re concerned about a child, but they’re not in immediate danger, it’s still important to share the information with us as soon as possible and by the end of the school day at the latest.

**Is your call URGENT?**

If you want to report your concern urgently and it’s a Saturday, Sunday, or a Bank holiday, or it’s after 5pm (4.30 on a Friday), call our Emergency Duty Team on 0844 9841800.

Please see the school’s anti-bullying policy for more details on procedures to minimise the risk of peer on peer abuse.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations.

Particular attention will be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child’s academic file.

The Designated Senior Person is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.
10. COMMUNICATION WITH PARENTS

Holy Trinity will ensure the Child Protection Policy is available publicly either via the school or college website or by other means.

Parents should be informed prior to referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed;
- Leading to an unreasonable delay;
- Leading to the risk of loss of evidential material;

(The school may also consider not informing parent(s) where it would place a member of staff at risk).

Ensure that parents have an understanding of the responsibilities placed on the school and staff for safeguarding children.

11. ALLEGATIONS INVOLVING SCHOOL STAFF/VOLUNTEERS

An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has, or may have harmed a child
- Possibly committed a criminal offence against/related to a child
- Behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children

This applies to any child the member of staff/volunteer has contact within their personal, professional or community life.

What school staff should do if they have concerns about safeguarding practices within the school.

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting’s safeguarding arrangements. Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school or college’s senior leadership team.

If staff members have concerns about another staff member then this should be referred to the Head Teacher. Where there are concerns about the Head Teacher, this should be referred to the Chair of Governors.

The Chair of Governors in this school is: PAT HUNTER (01226 704555)

In the absence of the Chair of Governors, the Vice Chair should be contacted.

The Vice Chair in this school is: JANE WILLIS (01226 704555)

In the event of allegations of abuse being made against the Head Teacher where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, allegations should be reported directly to the Local Authority Designated Officer (LADO). Staff may consider discussing any concerns with the Designated Senior Person if appropriate make any referral via them. (See Keeping Children Safe in Education: Part Four, DfE 2016, for further information http://www.holytrinitybarnsley.org/parents/safeguarding-info-for-parents/).
The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant’s words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

The recipient of an allegation must not unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Head Teacher/Chair of Governors will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer:

Children’s Services Duty Team – 0844 9841800

If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation meets the threshold for safeguarding, this will take place in accordance with Barnsley Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures.

If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the school’s internal procedures.

The Head Teacher should, as soon as possible, following briefing from the Local Authority Designated Officer inform the subject of the allegation.

For further information see:

or e-mail safeguardingunit@barnsley.gov.uk

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children’s Services (01226) 772423
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

Safer working practice

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook/ school code of conduct / staff behaviour policy and Safer Recruitment Procedures.

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the school/college’s behaviour management policy for more information.
APPENDIX 1 : KEEPING CHILDREN SAFE IN EDUCATION (DfE 2019)

Part One: Information for all school staff

Please sign and return to L Oldcorn (DSL)    by ......

I, __________________ have read and am familiar with the contents of the following documents and understand my role and responsibilities as set out in these document(s).

(1) The School Child Protection Policy
(2) Part 1 and Annex A of 'Keeping Children Safe in Education' DfE Guidance, 2019

I am aware that the DSPs are:

.................................................................................................................. .................................
.................................................................................................................. .................................
.................................................................................................................. .................................
.................................................................................................................. .................................

and I able to discuss any concerns that I may have with them.

I know that further guidance, together with copies of the policies mentioned above, are available at
.................................................................................................................. (state location)

Signed_________________________________ Date_________________________
**APPENDIX 3: WHAT TO DO IF YOU ARE WORRIED A CHILD IS BEING ABUSED: ADVICE FOR PRACTITIONERS (DfE 2015)**

**Flowchart**

**Be alert**
- Be aware of the signs of abuse and neglect
- Identify concerns early to prevent escalation.
- Know what systems the school have in place regarding support for safeguarding e.g. induction training, staff behaviour policy / code of conduct and the role of the Designated Safeguarding Lead (DSP).

**Question behaviours**
- Talk and listen to the views of children, be non-judgemental.
- Observe any change in behaviours and question any unexplained marks / injuries.
- To raise concerns about poor or unsafe practice, refer to the HT or principal, if the concerns is about the HT or Principal, report to Chair of Governors. Utilise whistleblowing procedure.

**Ask for help**
- Record and share information appropriately with regard to confidentiality.
- If staff members have concerns, raise these with the school’s or college’s Designated Safeguarding Lead (DSP).
- Responsibility to take appropriate action, do not delay.

**Refer**
- DSP will make referrals to children services but in an emergency or a genuine concern that appropriate action has not been taken, staff members can speak directly to Children’s Services on 03001234043.
Physical abuse

*Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child.*

### Child

<table>
<thead>
<tr>
<th>Indicator</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>
<td>Over chastisement of child</td>
<td></td>
</tr>
</tbody>
</table>

### Emotional abuse

*Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child’s emotional development. It may involve conveying to children that they are worthless or unloved, not giving the child opportunities to express their views, ‘making fun’ of what they say or how they communicate - hearing the ill-treatment of another and serious bullying (including cyber bullying).*

</table>
### Inadequately clothed

Frequent lateness or non-attendance at school

### Dry sparse hair

Abnormal voracious appetite at school or nursery

### Untreated medical problems

Self-harming behaviour

### Red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold

Constant tiredness

### Swollen limbs with sores that are slow to heal, usually associated with cold injury

Disturbed peer relationships

## Parent

Failure to meet the child’s basic essential needs including health needs

Marginalised or isolated by the community.

Leaving a child alone

History of mental health, alcohol or drug misuse or domestic violence.

Failure to provide adequate caretakers

History of unexplained death, illness or multiple surgery in parents and/or siblings of the family

Keeping an unhygienic dangerous or hazardous home environment

Past history in the family of childhood abuse, self harm, somatising disorder or false allegations of physical or sexual assault

Unkempt presentation

Lack of opportunities for child to play and learn

Unable to meet child’s emotional needs

Dangerous or hazardous home environment including failure to use home safety equipment; risk from animals

Mental health, alcohol or drug difficulties

## Family/environment

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact or non-contact activities, such as involving children in looking at sexual images or being groomed on line / child exploitation.

### Child

- **Self-harm - eating disorders, self-mutilation and suicide attempts**
  - Poor self-image, self-harm, self-hatred

- **Running away from home**
  - Inappropriate sexualised conduct

- **Reluctant to undress for PE**
  - Withdrawal, isolation or excessive worrying

- **Pregnancy**
  - Sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit

- **Inexplicable changes in behaviour, such as becoming aggressive or withdrawn**
  - Poor attention / concentration (world of their own)

- **Pain, bleeding, bruising or itching in genital and/or anal area**
  - Sudden changes in school work habits, become truant

- **Sexually exploited or indiscriminate choice of sexual partners**

### Parent

History of sexual abuse

Marginalised or isolated by the community.

Excessively interested in the child.

History of mental health, alcohol or drug misuse or domestic violence.
<table>
<thead>
<tr>
<th>Parent displays inappropriate behaviour towards the child or other children</th>
<th>History of unexplained death, illness or multiple surgery in parents and/or siblings of the family</th>

<tbody>
<tr>
<td>Conviction for sexual offences</td>
<td>Past history in the care of childhood abuse, self harm, somatising disorder or false allegations of physical or sexual assault</td>
</tr>
<tr>
<td>Comments made by the parent/carer about the child.</td>
<td>Grooming behaviour</td>
</tr>
<tr>
<td>Lack of sexual boundaries</td>
<td>Physical or sexual assault or a culture of physical chastisement.</td>
</tr>
</tbody>
</table>
Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child’s name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children’s social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.
**Child sexual exploitation**

Child sexual exploitation (CSE) is a form of child sexual abuse that occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority’s children’s social care team and the police, if appropriate.

Indicators of sexual exploitation can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends
- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing
- Misusing drugs and/or alcohol
- Going missing for periods of time, or regularly coming home late
- Regularly missing school or education, or not taking part in education

**Homelessness**

Being homeless or being at risk of becoming homeless presents a real risk to a child’s welfare.

The DSL will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity.

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children’s social care.

**So-called ‘honour-based’ violence (including FGM and forced marriage)**

So-called ‘honour-based’ violence (HBV) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.
Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBV are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBV or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
  - Having difficulty walking, sitting or standing, or looking uncomfortable
  - Finding it hard to sit still for long periods of time (where this was not a problem previously)
  - Spending longer than normal in the bathroom or toilet due to difficulties urinating
  - Having frequent urinary, menstrual or stomach problems
  - Avoiding physical exercise or missing PE
  - Being repeatedly absent from school, or absent for a prolonged period
  - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
  - Being reluctant to undergo any medical examinations
  - Asking for help, but not being explicit about the problem
  - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl’s family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl’s community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
  - Having a mother, older sibling or cousin who has undergone FGM
  - Having limited level of integration within UK society
  - Confiding to a professional that she is to have a “special procedure” or to attend a special occasion to “become a woman”
Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period

- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her ‘red book’ (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

**Forced marriage**

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the ‘one chance’ rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority’s designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmu@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

**Preventing radicalisation**

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.
We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils’ behaviour.

The government website Educate Against Hate and charity NSPCC say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in this policy, including discussing their concerns with the DSL.

Staff should always take action if they are worried.
Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors’ book and wear a visitor’s badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out.

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the session/day, we will:

Keep the child in school with a nominated member of staff and continue to attempt to contact parents and other adults listed as contacts for the child.

If no response is received within an appropriate time, we will contact social care and / or the police in order to establish contact with parents and carers.

Policy Review

This policy will replace the previous policy in line with DfE Keeping Children Safe in Education Statutory Guidance (9/2019) and will be reviewed in full by the Ethos, Welfare and Admissions Committee of the Governing Body annually.

The policy was last reviewed and agreed by the Ethos, Welfare and Admissions Committee of the Governing Body on 7th November 2019 and is due for review on 7th November 2020.
