

HOLY TRINITY

Geography Long Term Plan 2022-23

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Year 1			<p>Let's explore London</p> <p>Locational Knowledge: Name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas</p> <p>name and locate the world's seven continents and five oceans</p> <p>Human and Physical Geography: Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles</p> <p>Use basic geographical vocabulary to refer to: key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather</p> <p>key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop</p> <p>Geographical skills and fieldwork: use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage, use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map, use aerial</p>			

			photographs and plan perspectives to recognise landmarks and basic human and physical features; devise a simple map; and use and construct basic symbols in a key use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features; devise a simple map; and use and construct basic symbols in a key		
Year 2	<p>Our local area and the Rainforest</p> <p>Locational Knowledge: name and locate the world's seven continents and five oceans</p> <p>Human and Physical Geography: use basic geographical vocabulary to refer to: key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop</p> <p>Place Knowledge: understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country.</p> <p>Geographical skills and fieldwork: use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied at this key stage, use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map, use aerial photographs and plan perspectives to recognise landmarks and basic human and physical</p>				

	features; devise a simple map; and use and construct basic symbols in a key use simple fieldwork and observational skills to study the geography of their school and its grounds and they key human and physical features of its surrounding environment				
Year 3	<p>Investigating our Local Area</p> <p>Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time.</p> <p>Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</p> <ul style="list-style-type: none"> - describe and understand key aspects of human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water - use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world - use fieldwork to observe, measure, record and present the human and physical features in • the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies 			<p>The Earth</p> <p>Describe and understand the key aspects of physical geography, including: climate zones, biomes and vegetation belts, mountains, rivers, volcanoes and earthquakes.</p> <p>Describe and understand the key aspects of the human geography in the world including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water</p>	
Year 4			Sheffield		

			<p>Pupils should extend their knowledge and understanding beyond the local area</p> <p>Describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, mountains and rivers.</p> <p>Describe and understand the key aspects of the human geography in Sheffield, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.</p> <p>Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</p> <p>Use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world.</p> <p>Use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs and digital technologies.</p>		
Year 5			<p>Americas</p> <p>Understand geographical similarities and differences through the study of human and physical geography of a region within North or South America. Locate the countries, using maps to focus on North and South America concentrating on their environmental regions, key physical and human characteristics, countries and major cities. Describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, mountains and rivers. Describe and</p>		

			<p>understand the key aspects of the human geography in North/South America including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.</p> <p>Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</p>		
Year 6			<p>Europe</p> <p>understand geographical similarities and differences through the study of human and physical geography of a region in a European country. Locate the countries, using maps to focus on Europe (including the location of Russia) concentrating on their environmental regions, key physical and human characteristics, countries and major cities. Describe and understand key aspects of physical geography, including: climate zones, biomes and vegetation belts, mountains, rivers and the water cycle. Describe and understand the key aspects of the human geography in a region in a European country, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.</p> <p>Identify the position and significance of latitude and longitude. Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</p>
